Bisley MultiDesk Assembly Instructions

Before you begin, have your assembled MultiDrawer with Standard Plinth on hand.

1. Lay your desktop on a soft surface with the pre-drilled holes facing up.
2. Determine which side you'll place the MultiDrawer, then screw two rubber bumpers into the pre-drilled holes as depicted below.

3. Attach the hairpin legs to the three remaining corners using four screws for each leg.
4. Flip the desktop with legs upright and onto the MultiDrawer, ensuring the rubber bumpers rest on top of it.

Included Parts:

- (1) Desktop
- (2) Rubber Bumpers
- (3) Hairpin Legs
- (12) Screws

Tool Required:

- (1) Phillips Screwdriver
